The commissioner shall publish a request for proposals annually, and may negotiate increases to the limits that shall apply for either one or two years before the increase shall be subject to a new proposal and negotiation. The care-related limit may be increased by up to 50 percent.

(b) In selecting facilities with which to negotiate, the commissioner shall consider:

(1) the diagnoses or other circumstances of residents in the specialized program that require care that costs substantially more than the RUG's rates associated with those residents;

(2) the nature of the specialized program or programs offered to meet the needs of these individuals; and

(3) outcomes achieved by the specialized program.

(c) The commissioner, in consultation with stakeholders, shall develop recommendations on which facilities and residents should qualify for specialized care under this subdivision, and how rate adjustments for specialized care should be determined. Sec. 4. Minnesota Statutes 2008, section 256B.441, subdivision 55, is amended to read:

Subd. 55. **Phase-in of rebased operating payment rates.** (a) For the rate years beginning October 1, 2008, to October 1, 2015, the operating payment rate calculated under this section shall be phased in by blending the operating rate with the ~~operating payment rate determined under section 256B.434~~ prior year operating cost payment rate. ~~For purposes of this subdivision, the rate to be used that is determined under section 256B.434 shall not include the portion of the operating payment rate related to performance-based incentive payments under section 256B.434, subdivision 4, paragraph (d).~~ For the rate year beginning October 1, 2008, the operating payment rate for each facility shall be 13 percent of the operating payment rate from this section, and 87 percent of the operating payment rate from section 256B.434. For the rate year beginning October 1, 2009, the operating payment rate for each facility shall be ~~14~~ 25.5 percent of the operating payment rate from this section, and ~~86~~ 74.5 percent of the prior year operating cost payment rate from section 256B.434. For the rate year beginning October 1, 2010, the operating payment rate for each facility shall be ~~14~~ 38 percent of the operating payment

rate from this section, and ~~86~~ 62 percent of the prior year operating cost payment rate ~~from~~  
~~section 256B.434~~. For the rate year beginning October 1, 2011, the operating payment  
rate for each facility shall be ~~31~~ 50.5 percent of the operating payment rate from this  
section, and ~~69~~ 49.5 percent of the prior year operating cost payment rate ~~from section~~  
~~256B.434~~. For the rate year beginning October 1, 2012, the operating payment rate for  
each facility shall be ~~48~~ 63 percent of the operating payment rate from this section, and  
~~52~~ 37 percent of the prior year operating cost payment rate ~~from section 256B.434~~. For  
the rate year beginning October 1, 2013, the operating payment rate for each facility shall  
be ~~65~~ 75.5 percent of the operating payment rate from this section, and ~~35~~ 24.5 percent  
of the prior year operating cost payment rate ~~from section 256B.434~~. For the rate year  
beginning October 1, 2014, the operating payment rate for each facility shall be ~~82~~ 88  
percent of the operating payment rate from this section, and ~~18~~ 12 percent of the prior year  
operating cost payment rate ~~from section 256B.434~~. For the rate year beginning October  
1, 2015, the operating payment rate for each facility shall be the operating payment rate  
determined under this section. The blending of operating payment rates under this section  
shall be performed separately for each RUG's class.

(b) For the rate year beginning October 1, 2008, the commissioner shall apply limits  
to the operating payment rate increases under paragraph (a) by creating a minimum  
percentage increase and a maximum percentage increase.

(1) Each nursing facility that receives a blended October 1, 2008, operating payment  
rate increase under paragraph (a) of less than one percent, when compared to its operating  
payment rate on September 30, 2008, computed using rates with RUG's weight of 1.00,  
shall receive a rate adjustment of one percent.

(2) The commissioner shall determine a maximum percentage increase that will  
result in savings equal to the cost of allowing the minimum increase in clause (1). Nursing  
facilities with a blended October 1, 2008, operating payment rate increase under paragraph  
(a) greater than the maximum percentage increase determined by the commissioner, when  
compared to its operating payment rate on September 30, 2008, computed using rates with  
a RUG's weight of 1.00, shall receive the maximum percentage increase.

(3) Nursing facilities with a blended October 1, 2008, operating payment rate  
increase under paragraph (a) greater than one percent and less than the maximum  
percentage increase determined by the commissioner, when compared to its operating  
payment rate on September 30, 2008, computed using rates with a RUG's weight of 1.00,  
shall receive the blended October 1, 2008, operating payment rate increase determined  
under paragraph (a).

(4) The October 1, 2009, through October 1, 2015, operating payment rate for facilities receiving the maximum percentage increase determined in clause (2) shall be the amount determined under paragraph (a) less the difference between the amount determined under paragraph (a) for October 1, 2008, and the amount allowed under clause (2). This rate restriction does not apply to rate increases provided in any other section.

(c) A portion of the funds received under this subdivision that are in excess of operating payment rates that a facility would have received under section 256B.434, as determined in accordance with clauses (1) to (3), shall be subject to the requirements in section 256B.434, subdivision 19, paragraphs (b) to (h).

(1) Determine the amount of additional funding available to a facility, which shall be equal to total medical assistance resident days from the most recent reporting year times the difference between the blended rate determined in paragraph (a) for the rate year being computed and the blended rate for the prior year.

(2) Determine the portion of all operating costs, for the most recent reporting year, that are compensation related. If this value exceeds 75 percent, use 75 percent.

(3) Subtract the amount determined in clause (2) from 75 percent.

(4) The portion of the fund received under this subdivision that shall be subject to the requirements in section 256B.434, subdivision 19, paragraphs (b) to (h), shall equal the amount determined in clause (1) times the amount determined in clause (3).

Sec. 5. Minnesota Statutes 2008, section 256B.441, is amended by adding a subdivision to read:
